HUS Acamedic price list

This document contains the HUS Acamedic software price list.

The HUS Acamedic software complies with the Act on the Secondary Use of Health and Social Data (552/2019) and the regulation by Findata, the Social and Health Data Permit Authority: Requirements for Secure Processing Environments for Other Service Providers (1/2022, Dnro THL/214/14.00.07/2022). An individual Processing environment is created for each research or project using HUS Acamedic.

The HUS Acamedic software is sold by HUS to anyone in need of a secure processing environment.
